CAV Aerospace Improves Financial Consolidation with Infor SyteLine

Facts at a glance.

Solution: ERP

Products: Infor™ SyteLine

Industry: Aerospace and defense

Country: UK

“I can run a P&L for every site at the touch of a button now. As a result, the two-week, month-end financial consolidation process has been shortened to three days.”

—Don Marshall, Group Financial Analyst,
CAV Aerospace

About the company.

CAV Aerospace Limited engages in the manufacture, integration, assembly, and supply of ice protection systems and aerostructures for general aviation, regional, business jets, and UAV applications worldwide. It offers wing stringers and spars, inter-spar ribs, general prismatic machined parts, hard metal machined parts, avionics racks, access doors, stretch-formed tail skins, primary structures design, component detail design, stress and mass analysis, and project management. Challenges.

- Replace inconsistent processes across all 13 manufacturing locations, each running a different ERP system or none at all.
- Ensure a unified process for financial consolidation and reporting.
- Reduce the time to close the month and determine results.
- Eliminate complexity around translating the various sites' local currencies into pounds.

Benefits.

- Coordinated all sites using Infor SyteLine.
- Unified system and processes for financial reporting and consolidation.
- Managed financial processes.
- Shortened month end financial consolidation from two weeks to three days.
- Reviewed instantaneous data and key performance indicators (KPIs) and shared among the group.
- Established ability to run P&L statements at every site at the touch of a button.

“Since we now have instantaneous data, we can download it into chart form and share it. We now can discuss all the KPIs for the previous week, which we never could do before.”

—Don Marshall, Group Financial Analyst,
